

# Kid Connection

## *A Place for Everyone to Play*

Shelby County is home to an award-winning, universally designed playground called “Kid Connection.” This playground is located at Kennedy Park, 200 Minster Drive, in Shelbyville.

Kid Connection was built through a partnership between the Shelbyville Parks & Recreation Department and the Blue River Community Foundation as part of the Kellogg Foundation’s Access to Recreation Initiative. The playground incorporates universal design features that provide recreational opportunities for everyone, no matter what their abilities may be.

A wide paved sidewalk leads from the paved parking area to the shelter house, restrooms and playground. The playground surface is cushioned, firm and smooth. A child or adult using a wheelchair or other assistive device can reach every area of the playground without the need to leave his/her assistive device. The play equipment includes a variety of play pieces designed to encourage children of all abilities to play side-by-side.

Adults and children of all abilities will enjoy this playground. At Kid Connection, everyone has a place to play!
