

Planting of Native Trees at
the Blue River Memorial Park

Goal- 100 Trees!!!

Over 60 volunteers of all ages!

Educating young people on the value of philanthropy and community involvement while helping beautify our parks.

72 Different Native Species promoting biodiversity for a healthy ecosystem

Teaching environmental stewardship to the next generation.

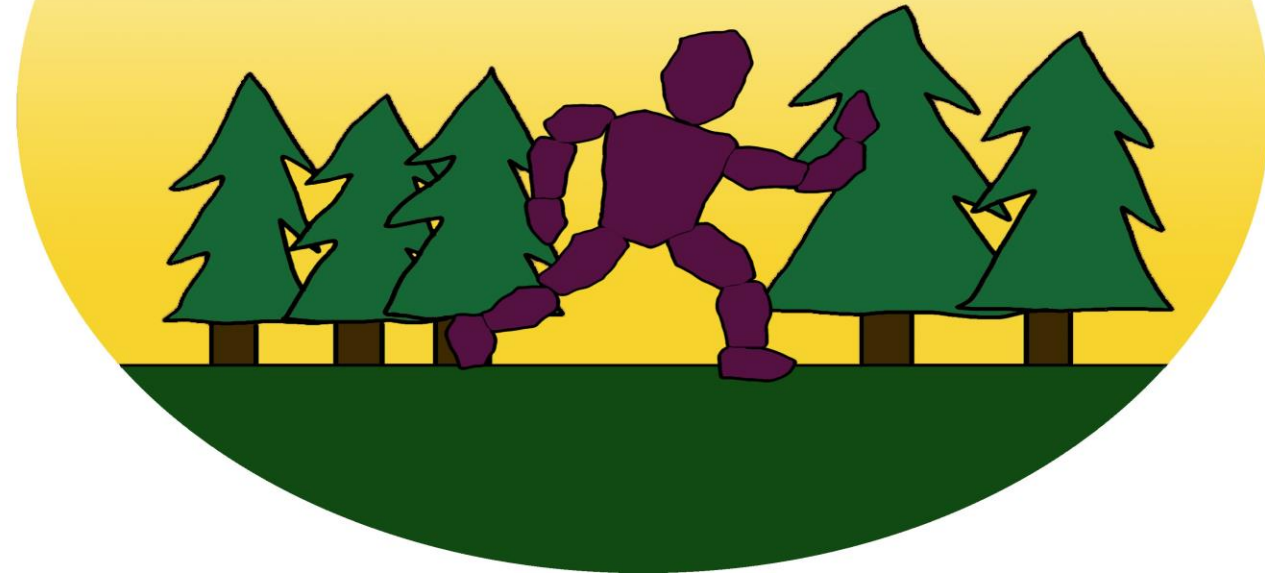

Bringing all members of our community together for a common purpose.

Providing shade and aesthetic value to our cross country course and trail.

1st annual 2022 tree trot

Helping to make this project sustainable for the future by establishing an annual fundraising event, a 5K run/ walk for the entire community. All proceeds go to purchasing more trees for the park
